

# Book Look

**MARCH** is a notable month in the library. We celebrate Dr. Seuss' birthday, Music Month, Women's History Month, and Spring.

Recommended reading for March: all grades- any book by Dr. Seuss. My favorites include *Daisy-head Mayzie* and *The Lorax*. See our homepage for Seuss website links.

This month we continue our study of the Dewey Decimal Classification System. Melville Dewey invented the numbering system we use in the library. The system divides all books into categories based on subjects. See our Eastview Library homepage under What's New? to learn more about DDCS.

Second through Fifth Graders continue to work this quarter to meet their A.R. goals. Students achieve **Wall of Fame** status with 85% correct or higher average on quizzes AND 100% of the assigned points. Quarter 3 ends on **March 25th**.

**Luckily reading,  
Ms. Fesenmaier**
